

Carlo Martinoli received his medical degree in 1986 at the University of Genoa, Italy and became a specialist in diagnostic radiology in 1989 at the University of Cagliari, Italy. He has since held positions of Staff Radiologist, Assistant Professor of Radiology and Associate Professor of Radiology at the University of Genoa. Currently, he is Full Professor of Radiology and Director of the Postgraduate School of Diagnostic Radiology at this University and Head of the Radiology Unit at the University-Hospital (IRCCS Policlinico San Martino) of Genoa, Italy. Since 1989, his clinical practice has mainly involved ultrasound and imaging of the musculoskeletal and peripheral nervous systems. He has devoted more than 25 years to education in the field of musculoskeletal radiology and is author of a preeminent textbook on Musculoskeletal Ultrasound. The original version of the book has been written in English. It was then translated in Korean, Turkish, Polish, Spanish and Chinese. Throughout his career, Carlo Martinoli has received numerous teaching and professional awards from Scientific Societies, including RSNA, ARRS, ECR, ESPR and ESUR-SUR. He has published over 260 scientific articles in international medical journals (English literature) in which manuscript decisions are based on peer review (H-index =64 according to Google Scholar® statistics: H-index=49 according to Scopus statistics®). He has been included in the list of top 1.5% international scientists (Plos Biology®). He is a renowned speaker and has held over one thousand invited lectures at international courses or congresses. Carlo Martinoli received lifetime honorary membership in the Sociedade Portuguesa de Radiologia e Medicina Nuclear - SPRMN, Sociedad Española de Ultrasonidos - SEUS, dell'American Society of Ultrasound in Medicine - AIUM, Croatian Society of Ultrasound in Medicine and Biology - Croatian Medical Association, Sociedad Española de Radiología Médica – SERAM and Polish Ultrasound Society - PTU. More scientific honors were bestowed on him, including the Amory Codman Award for Musculoskeletal Imaging from the Bruxelles University. Carlo Martinoli is actively involved with the European Society of Musculoskeletal Radiology - ESSR and has served this Society as Member of the Executive Committee, Chairman for Ultrasound, and Chairman of the Educational Committee. He chaired the ESSR Annual Congress in Genoa, Italy in 2009 and is currently President Elect of this Society. He was also member-at-large of the Executive Committee (2010-2012) of the "International Skeletal Society - ISS" and member of the Educational Committee Board of the "European Society of Radiology - ESR" for Musculoskeletal Radiology. He was one of the founders of the International Society of Peripheral Neurophysiological Imaging (ISPNI), a multidisciplinary society that aims to forward global education and research in the field of peripheral nerve imaging.
